\$76,000 is the average yearly income for an established, full-time USANA Associate. \$25,000 is the annual average of those who earned as little as one commission check each month. Total earnings include commissions, Leadership Bonus, Matching Bonus, contests, and incentive compensation. The number of full-time Associates who have maxed at least 1 Business Center during the year equals less than 1% of all Associates. Those Associates earning as little as one check a month and associated with USANA for more than six months equals 3% of all ordering Associates. If you include all 135,590 ordering Associates, which includes: Associates not actively building a business (acting as wholesale buyers), Associates who just joined (as little as one day), and those who are just beginning to build their customer base, the average yearly income is still \$616.72 with nearly one in three earning a check. To date, USANA has had more than 200 global Associates become lifetime Million Dollar Club members.
